

Refractor Refractor Telescope

GALILEO

F114900

*WITH
CALIBRATION
SCALE*

F-114900

Refractor system telescope
 900mm focal length
 114mm 4,5" lens clear aperture
 Hard coated lens & concave mirror
 Including 3 eyepieces of 4mm,
 12,5mm and 20mm
 Min. magnification : 35 X
 Max. Magnification : 825 X
 Altazimuth mounted
 Horizontal & vertical adjustable with calibration
 scale
 Exellent for lunar and planetary observation
 Resolving power : 1"
 Visual magnitude : 12M
 Sealed optical tube reduces image degrading
 Permanent mounted objective lens
 3 X Barlow lens.
 Finderscope on top
 Vertical and horizontal stabilizer bar
 145mm Stand hight
